## Car Demolished By Train As Storms Cause Accidents

Scores of minor vehicle accidents during the past two weeks were reported to the California Highway Patrol, but officers were so busy on traffic details that they were unable to record them.

A car was demolished on the railroad crossing last week when the driver, having chain trouble, spotted the lights across the Truckee river at Boca and thinking it was a village, started across the tracks.

The car stalled in the wet snow and was struck by a Southern Pacific freight train. The driver, whose name was not immediately learned was out of the vehicle and not injured.

Another motorist suffered a broken leg in an accident on the freeway six miles east of Truckee. He also was not identified immediately but was taken to the Tahoe Forest Hospital for treatment.

Most of the mishaps were so-called "fender benders" and drivers were not injured as cars collided at frequent intervals on the icy highways in blinding blizzards.

Clerks at the highway patrol office are attempting to catch up with records but are devoting most of their time to more necessary details.

## Company Fights To Keep Tahoe Power

The Sierra Pacific Power Com pany yesterday was experiencing terrific trouble as falling trees and power lines put most of North Lake Tahoe and Donner Lake in darkness.

The first power failure occurred at 6:15 a. m. Tuesday and the second shortly after 9 a. m.

Crews were rushed in from Reno and other points to repair lines between Truckee and Kings Beach and up the Truckee river between here and Tahoe City.

Lights and power were restored in some areas as they failed in others and the crews battled to maintain service, using heavy equipment, snow sleds and fighting their way through six-foot drifts.

Up until yesterday, the Truckee Public Utility service was being maintained but not without con stant work by the crews.

### PASTOR FORCED OUT OF HOME IN FLOOD

Father Patrick Coffey, pastor of the Truckee Assumption Church is temporarily making his home at the Gateway Motel.

The floods last week flooded the basement of the church and parish house, disabling the furnaces and causing other damage. Christmas services were held in the Veterans' Memorial Buliding.

Far from being idle in his new quarters, Father Coffey has been busy shoveling snow at the church to prevent further damage to the property.

### JAMES DRUMMOND AT ENGINEERING CLINIC

James Root Drummond, son of Mr. and Mrs. Harold Drummond was among the 82 high school students from throughout California who got a close-up look at career possibilities in the engineering field when they participated in the fourth annual engineering preview at California Polytechnic College late in December.

The young men, all either high school seniors or juniors, converged on the college December 20 and completed the three-day stay December 22.

### BOTH MR. AND MRS. DODD IN HOSPITAL

M. H. Dodd of Kings Beach has also become a patient at Tahoe Forest Hospital, suffering from bronchial pneumonia, according to a family friend.

Mrs. Dodd who has been a patient in the local hospital for several weeks is reported to be on the critical list.

Friends of the well known couple are anxiously hoping for their improvement of health.

## Tapia Home Loses Roof In Blizzard. Long Route Home

One of the families hardest hit by the recent storms was the Dr. H. P. Tapias of west Donner Lake.

During the high wind and drenching rain prior to Christmas, a large portion of the roof at the Tapia home was blown away, permitting the rain to pour into two rooms where floors were warped and furnishing ruined.

To add to the discomfort, the highway near the Donner Lake Fire Department facility was cut across and all the residents west of there were forced to either stay in Truckee or travel up the freeway to the Soda Springs interchange and back down old Highway 40 to their homes.

The Tapias were in this group and drove more than 20 miles to cover the six-mile distance.

## Sanitary Meeting Cancelled By Snow

Oliver Crose, clerk of the Truckee Sanitary District, announced that the meeting scheduled for December 5 was cancelled due to the storm which prevented the arrrival of engineers and financial experts from attending to explain plans for a sewer system at Donner Lake.

Crose said no date has been set for a future meeting when it will be decided by the governing board of the district whether to proceed with plans as drawn for a $3.5 million system to serve only the Donner Lake area, or whether to wait and combine with a plan being discussed to include all of North Lake Tahoe, the Truckee river region and Truckee-Donner.

The latter plan will entail an estimated expenditure of $15 million, but would provide an adequate disposal system for all the districts and other systems from the Nevada State line at Lake Tahoe to below Truckee where a huge disposal plant would be located.

### BARRY CARDWELL IS HONORED IN SCHOOL

Barry Cardwell, son of Mr. and Mrs. William D. Cardwell, Sugar Bowl, Norden, has achieved high academic honors at San Rafael Military Academy during the recently completed grading period, it was announced today by Mr. L. W. Robertson, dean of instruction.

Cadet Cardwell was awarded the Distinctive Honor Cord for obtaining a grade average of B plus during the period.

San Rafael Military Academy, a college preparatory school of the Episcopal Church in the Diocese of California, is currently celebrating its 75th year of service to education and the community. It is one of the oldest private secondary schools on the west coast. The school prepares boys in grades 7 through 12 for entrance into institutions of higher learning and is fully accredited by the Western Association of Schools and Colleges and by the University of California.

Cadet Cardwell is in the 10th grade.

### FORMER SP EMPLOYE HERE DIES IN VALLEY

Axel J. (Jack) Eystad, 60, who worked here for the Southern Pacific Company for five years before going to Grass Valley in 1942, died at his home in the latter city last Thursday. He retired nine years ago because of illness.

Eystad is survived by four brothers. His wife Ellen G. died in September, 1964. Services were scheduled at 11 a. m. today in the Hopper-Weaver chapel in Grass Valley.

### ANNUAL DINNER FOR CHURCH IS PLANNED

TAHOE CITY—The annual dinner of St. Nicholas Episcopal Church of Tahoe City will be held January 12 at 6:30 p. m. in the Coffee Mill at Tahoe City.

This will be an important meeting and all members of the church and their guests are asked to attend. The year's program will be outlined and other business conducted, according to Mrs. Roma Young, chairman for the dinner arrangements.

Adults will be charged $2.50 and children $1.75 for the dinner.

## Lost Skier Warned Of Danger Prior To Death On Summit

The tragedy on Donner Summit Sunday which brought death to Molly Goodman, 26, University of California coed and assistant professor, might have been avoided had Miss Goodman and her companion, John G. Hurst, an assistant professor at California, heeded the warning given them by Joel Readio of Carmel, a volunteer ski patrolman.

The body of Miss Goodman was recovered Sunday after she was caught in an avalanche south of Mt. Lincoln as she and Hurst were snowshoeing to the Benson Hut, a Sierra Club ski shelter, on Mount Anderson, five miles distant.

Hurst narrowly missed being caught in the slide and after a fruitless search for his companion, went to Sugar Bowl Lodge for assistance. The ski patrol from Sugar Bowl, sheriff's deputies and Sierra Club members aided in the search at 3:30 Sunday afternoon. One party was headed by Parky May and the second by Readio.

Readio said he warned the couple of the extreme danger of going into the area where a loud yell could start an avalanche, but despite this warning, the two set out.

They were southwest of the Sugar Bowl area in national forest property when the slide occurred. Hurst managed to roll clear of the snow, but Miss Goodman was swept away. Her body was recovered under eight feet of snow at 8 p. m. Sunday.

Hurst, although uninjured, was treated for severe shock.

The tragedy may serve as a warning for skiers to remain in the safe areas designated by resorts and the ski patrol and not stray into unknown and often extremely dangerous regions where avalanches are frequent at this season of the year.

## Tahoma Man Rites Held In Bay Region

Last rites were held yesterday in Mill Valley for Birdsall Rowland Randolph, 58, a resident of Tahoma for the past year, who expired here Sunday. The Truckee Colonial Mortuary had charge of local arrangements.

Randolph, a retired San Rafael automobile dealer, and active in several Masonic bodies in Marin County, is survived by his wife, Betty of Tahoma, his mother, Regina Randolph of Mill Valley, a daughter, Kimberley Ann of Tahoma, a son, Brian of San Rafael and two grandchilren.

### CHANGE IN OFFICERS IS MADE BY COUNTY

Ordinances which will change the category of two county officials was passed by the Nevada County Board of Supervisors at Monday's meeting.

Under terms of the ordinances, John T. Trauner, now county auditor and clerk, will become the auditor and controller, the latter being a newly created position in the county government.

At the same time, Theodore Kohler, county recorder, will be designated as clerk and recorder.

The ordinances which were passed initially Monday do not take effect for 30 days.

### FIRST BABY FOR '65 BORN IN HOSPITAL

The honor of being the first 1965 baby born at the Tahoe Forest Hospital goes to Cheryl Mari Boswell, daughter of Mr. and Mrs. Michael Calvin Boswell of Donner Lake.

Cheryl was born at 12:14 p. m., January 3 and weighed a neat five pounds, 12 ¾ ounces.

Her father is employed as a lineman.

#### AT LOYND HOME

Linda and Richard Ward of Menlo Park were here to spend Christmas with Mrs. Ward's parents, Mr. and Mrs. Walter Loynd and Jim Loynd of rain-soaked Oregon was here with his family for the full holiday recess from school.

#### CHAMBER TO MEET

**A meeting of the Truckee-Donner Chamber of Commerce will be held at noon next Wednesday at the Brown's Cafe in Truckee. New officers will be in charge.**

## Ervina Beavers Is Among Experts In Fishing In Florida

**Fishing in the Metropolitan Miami fishing tournament on their Florida vacation, Ervina M. Beavers, Kings Beach, won angling recognition for landing a 52 pound amberjack in the general division.**

**The entry was made at the Vista Linda Motel on the Florida Keys. Butch and Ervina Beavers are currently enjoying a Florida vacation.**

## Two Arrested Here Caught In Escape

Billie Jo Mitchum, 33, and Fred Carl Kaufman, 25, who were arrested here by Patrolman Carroll Maynard of the highway patrol on a narcotics charge, along with James Wadsworth, 22, enjoyed a Christmas eve holiday from their jail cell in the Nevada County jail under circumstances which were quite unique, to say the least.

The three dug their way out of the jail, went to the home of a friend in Rio Linda on Christmas Day for the holiday, but were recaptured by Sacramento officers and returned to Nevada City, despite the fact that local officers denied the men were at large.

Deputies located the trio in a motel at Sacramento sound asleep. They notified the Nevada County sheriff's office but were informed that there must be a mistake as the three were safely lodged in jail.

The Sacramento lawmen were puzzled until they received a hurried call from Nevada County advising them that there was no mistake and that the three had disapeared by digging a hole through the masonry wall to permit escape.

The three refused to say what instrument was used to dig out of the jail. They apparently escaped about 3 a. m. Christmas morning and were back in their cells 12 hours later.

## Former Local Man Expires At Colfax

Funeral services were held last Tuesday at Colfax for Vollie T. (Tex) Garrett, 65, a resident of Placer and Nevada counties for the past 25 years, who was found dead in his home at Colfax the day following Christmas.

Garrett was well known in Truckee where he operated a barber shop for some time, later moving to Gold Run and then to Colfax where he continued to operate a barber shop.

He is survived by his brothers, Loren, Dayton and Kelton all of Texas, and two sisters, Mrs. Nona Kent of Texas and Mrs. Jewell McDonald of San Jose.

### BILL HOBBS WINNER IN SO. TAHOE MEET

Bill Hobbs, representing the Lake Tahoe Ski Club, took first place honors in the South Tahoe Invitational meet at Heavenly Valley Friday and Saturday in the junior jumping event for jumpers under 18 years of age.

The meet was sponsored by the South Tahoe Jumping Club.

Rolph Funk of South Tahoe won the Class A event.

Bill was accompanied to the meet by his uncle, Charles Fink and it took them four hours to reach South Tahoe because of the storm and plugged roads.

### VICKI JONES AMONG COLORADO SKIERS

VAIL, Colo.—Vicki Jones, Tahoe-Truckee high sophomore, was one of the 101 racers who made Vail, Colo., the Alpine Ski capital of the nation during the holidays.

The occasion was the third annual U. S. Alpine Training Camp December 19-January 1.

Under the direction of U. S. National Alpine Coach Bob Beattie, who directed the U. S. Olympic team to four medals—third best national total in the world—at Innsbruck, Austria, last winter, the camp was a highly-concentrated session designed to get this country's top racers off to a good start for the 1965 competitive season.

## Extension Granted To File Petition In For Incorporation

The Nevada County Board of Supervisors Monday granted another 30-day extension to the proponents of a plan to incorporate the Truckee-Donner community into a city to have the required petition filed.

While there are believed to be sufficient signers to get the proposition to a vote, proponents are anxious to have more than enough to assure passage of the plan before the board.

The application for the extension was granted upon request of Attorney John R. Couzens, who represents the petitioners.

The date for the election has been tentatively set for September 15, thus permitting all the necessary legal steps required to bring the issue to a vote of the people. If the proposition carries, Truckee-Donner will be the third incorporated city in Nevada County, Grass Valley and Nevada City being the other two.

Prior to the turn of the century, Truckee, was an incorporated town, but was never active as such. The boundaries were narrow, embracing only the down-town area of the community. Currently efforts are being made to embrace the entire area of the Truckee Public Utility District in the incorporation, providing services to both the Donner Lake and Truckee.

## Department Keeps Watch On Game

The California Department of Fish and Game is keeping close watch on how deer and other wildlife are faring in the current storms, Director Walter T. Shannon said today.

The department stands ready to take any emergency steps possible, he said, and the department's field network of wardens and game managers is reporting daily on the situation.

Arrangements are being made to assure supplies of hay and barley, should artificial feeding become necessary.

Brush-lopping crews and equipment are on a standby basis, ready to cut down natural forage for the deer should the need develop.

Aerial surveys will be made as soon as weather permits, and steps have been taken to obtain emergency funds that may be necessary.

### WEATHER GIVES LONG RECESS TO STUDENTS

Students in the Tahoe Truckee Unified School District are having an extra week of holiday recess because of the storms which have beset the region during the past three weeks.

Superintendent John S. Corbin announced yesterday that hopes to have the schools in the district open this week have faded and for the balance of the week there will be no schools. Hazardous highways, often closed, have made it impossible to transport the students to and from classes.

The students themselves are not enjoying the prolonged recess as most of them are busy from morning to night with the snow shovels.

### SUIT IS FILED AGAINST TRUCKEE BUSINESS

NEVADA CITY—William Harper filed suit for $15,000 damages against the Alpine Village in Truckee.

Harper filed his action December 24 in which he charges that the village was negilgent in not erecting a banister or having lighted a stairway in their building. Harper charged that he fell on the unlighted stairway on May 26, 1964 and suffered injuries to his spine, hip and knee.

The complaint request $15,000 general damages, medical expenses and loss of wages.

#### GET LICENSE

SACRAMENTO — (CNS) — James O. Reimel, director of alcoholic beverage control, announced the department has issued an on-sale general seasonal quarterly liquor license to Sproehnle-Johnson, Inc., the Hearthstons, on Highway 28, just west of Grove Street, in Tahoe City.

# Relief From Major Storm Seen After Region Buried In Snow; Highways, Power Lines Suffer From Blizzards

**After three weeks of almost continuous storm, and with prospects for more to come, this region Wednesday was virtually buried in wet snow which threatened to desrupt power and telephone lines and block roads.**

**The U. S. Forest Service reported that up until Wednesday morning the rain and snow combined had left a total of 20.79 inches of precipitation for the storms, bringing the total to 24.54 for the season, compared to a normal of 11.79 inches.**

The storm, which for the past three weeks has ravaged this area with rain, gale winds and heavy snow, appeared this morning to have worn itself out, temporarily at least, but not before it increased in fury last night to again close highways, broke down power lines and deposited an additional 14 inches of new snow in Truckee and another two feet on the near record pack at Donner Summit.

Highway 80 was closed yesterday afternoon because of zero visibility and drifting snow. Hundreds of cars and trucks, two buses and three highway patrol cars were stalled.

**The forest service reported an additional 22 inches of snow during the 24 hours ended this morning, with 2.46 inches of precipitation. This brought the storm total to 124 inches of snow and 23.25 inches of precipitation.**

**The season's precipitation is now 27 inches, compared to a normal of 11.79 inches.**

The highway patrol reported this morning that the route was still closed and could give no estimate when it would be opened, although clearing weather would indicate it might be early today.

The Sierra Pacific Power Company reported no power at the west side of Lake Tahoe, Squaw Valley, Alpine Village and only partial power at Kings Beach, because of lines broken by the heavy snow and falling trees Wednesday. Crews were working around the clock to restore electric service. Tahoe City had power this morning.

The Reno and Tahoe City highways were open but very narrow in places.

Streets throughout the area were being kept passable. Scores of television antennas were down and snow shovelers were busy on snow-laden roofs.

The prediction was for clearing and colder weather as the worst storm since 1952 made its way east and sunshine predominated.

#### DAMAGE CAUSED

Considerable damage has been caused by the snow and rain mixture which fell Tuesday night. Power lines were down in some places and telephone and power company crews were working around the clock to prevent a complete failure. County and state road crews were working constantly attempting to keep ahead of the storm which was battering the entire region.

The normal precipitation for the entire year here is 32 inches, and the December normal is 6.23 inches, the forest service reported. The normal for January is six inches and already for this month 3.36 inches are recorded in 34 inches of snow.

The total snow fall thus far for the storm which started December 18, is 102 inches.

#### COMPARISON WITH 1952

While the snow depth is still far from the level it reached in the winter of 1951-52, prospects are that it may yet reach that mark. That year the total precipitation reached 49.15 inches with nine feet of snow on the ground in Truckee on January 16 and in March there was a new fall which totaled 8 feet.

The freeway over Donner was closed from Sunday at 5 a. m. until afternoon Monday due to the drifting snow, stalled cars and zero visibility. Scores of cars were abandoned along the right of way and tow trucks were kept on the run pulling them out and locating them in parking areas.

Many car owners abandoned their vehicles and are hard pressed to to fin dthem.

#### ROOF COLLAPSES

The roof of the Brockway Theater at Kings Beach collapsed Sunday morning under the snow and high wind. Manager Bill Tamblyn said he has not yet estimated the damage, but said it would be heavy as many of the seats, carpeting and other fixtures were exposed to the elements.

Many other homes throughout the area suffered damage, while television aerials were knocked over by the dozen. Many trees were uprooted and limbs were snapped off by the heavy snow and high wind.

#### TRAFFIC SLOWED

Traffic over most highfays was moving slowly, although the Sierraville highway and the Brockway shortcut were both closed. Highway 89 south of Tahoe City was blocked and other roads were virtually impassable and they narrowed under the drifting snow.

The forecast from the U. S. weather bureau was for continued snow in the Sierra and rain with high winds in the valleys for the next "five days at least".

TAHOE CITY — Precipitation for the month of December at Tahoe City was 27.55 inches while the average year's precipitation is only 27 inches, according to Daryl De Walt at Tahoe City.

From Wednesday, December 30 to and including January 6, there was a total of 7.29 precipitation, the second of January was the only day when there was no moisture recorded in the week.

The level of Lake Tahoe yesterday was 6226.96 with 30 cubic feet per second leaving the lake.

The low temperature for the week occurred on New Year's day hitting the zero mark, January 5 was 35 degrees for the week's high.

The total solid snow pack, as of yesterday was 48 inches.

## Fuel Dealers Ask For Cooperation

The Truckee and Tahoe gas and oil companies are hard pressed to maintain service in this bad weather with heavy, deep snow and are calling upon their customers to make service possible by keeping their fuel tanks open from the road or highways.

It is difficult at best to keep tanks filled and the hundreds of homes and businesses supplied with fuel and when the drivers are forced to fight deep snow, dragging a heavy hose it is virtually impossible to keep up with the service demanded, according to Skip Ferdinand, manager of the Truckee-Tahoe Fuel Company.

"All we ask is cooperation and we will do our best to keep everyone supplied," Ferdinand declared in speaking for the other fuel dealers in the area.

### GENE RICKER HEADS SUPERVISOR BOARD

Gene Ricker of Nevada City Monday was elected chairman of the Nevada County Board of Supervisors, succeeding H. G. Loehr of Truckee who has held the post for the past several years. Because of the closed highway, Loehr was unable to attend the meeting but had previously declined to be a candidate for the chairmanship.

In other action, the board accepted the map of Prosser Lake Heights subdivision.

Over in Placer County, Robert Radovich of Lincoln was named chairman of the board of supervisors, rerplacing George Lambert of Roseville.

### RESORTS ARE READY WHEN STORMS CEASE

Ski resorts throughout the area were awaiting a break in the storm to resume operations.

For the most part equipment was virtually buried and access roads were impassable. However, with a break in storms, all are currently provided with ample snow to last throughout the season and prospects for a bumper year for the winter sports enthusiasts is excellent.

Rain damage from the storm at Christmas was pretty well repaired prior to the snow and conditions should be good in all of the resorts.

#### HAS OPERATION

Mrs. John S. Corbin returned to her home at Kings Beach Wednesday after an operation performed Tuesday in a Reno hospital. Her condition is improved and friends are hopeful for a speedy complete recovery.

**To Celebrate Dates—**

Birthdates in the first month of the new year include those of Mrs. Ozella Slate on the 8 and Ann Morey on the 12.

### TRUCKEE BOYS ARE HONORED BY NAVY

Ken Carr, Richard Webber and Barry Leamon, graduates of the Tahoe Truckee High School were among those awarded the Armed Forces Expeditionary Medals for their participation with the U. S. Navy Seventh Fleet in the Far East.

Carr, now of Lincoln and Webber of Kings Beach, are members of the crew of the U. S. S. Valley Forge and Leamon from the U. S. S. Inflict is presently home on leave from his base at Long Beach.

# DONNER DOINGS

By Marcella Corro
Telephone 587-3338

Guess we're all settling down to a normal pace after celebrating the New Year in. Let's look forward to a prosperous '65.

* * *

And still it snows! With the many tourists on their way home, it will enable us to clean up the area a bit, that is with proper snow removal equipment and operators. Or must our populated business area of Donner Lake be secondary, always? Haven't seen a snowplow today and many sections are hardly passable. Shouldn't the motorists who leave their cars parked along the highway be given citations. It's impossible for the plows to do a good job, when they must continually try to avoid them. When most of us are spending eight hours a day cleaning out our parking areas, some one will abandon his car making it impossible for paying guests to leave and enter.

Meanwhile, down at the west end many residents are virtually stranded. The Weeks track bridge still stands, but several roads, Reed Avenue and South Shore Drive, washed out during the flood leaving exposed water pipes at the Cecil Ball cabin. Snow removal has been halted for the time being, leaving many snowed in.

The Hillegas family seemed to have solved the problem by taking a boat across Donner Lake to their cabin. I'll bet they're hoping the lake doesn't freeze over.

* * *

After the tragedy near Mt. Lincoln Sunday, perhaps our children are a bit too adventurous. The foursome is Bruce and Bimbo King, Joey Corro and Virginia Strobel who skiied down the old summit. It took them one hour from the top in the deep powdery snow. They all agreed it wasn't easy and wouldn't advise anyone to take the "shortcut" on skis. Guess what?; all four were grounded.

* * *

Debbie Harris, daughter of R. L. and Charlotte Harris of Donner Lake, was unable to get home for the holidays, due to the road closures. She had hoped to spend at least one week skiing on her Christmas leave from St. Mary's Academy in Grass Valley.

Two families of ardent skiiers have purchased the Tom Lyons residence on Lake Shore Drive, at the southwest end of Donner Lake. They are Mr. and Mrs. Rich Peterson. He is an engineering contractor and Mr. and Mrs. Robert Lynch, editor and publisher of the Sonoma Index, California. We are happy to welcome them to the area and hope that we may have better holidays in the future so they won't have to leave early.

* * *

Aside from all the snow congestion, did anyone see the flock of white swans on Donner Lake? Must have been twenty-five or more, swimming gracefully in the icy water. Also our little ducks are still around with their heads tucked into their feathers. Even they know when its cold. Brrr.

# SIERRA SKIING

By VI WHITE

Donner Ski Ranch is having night skiing every Wednesday, Friday and Saturday from 7 to 9:30 p. m.

* * *

Resorts, ski shops and anyone connected with the sport of skiing are looking forward to National Ski Week January 22 to 31. Special events will be held, including torch parades, fondue parties, etc., at local ski resorts. More on this later.

* * *

Thousands of skiers enjoyed when the sun came out on New Years Day Friday and headed for their favorite ski areas, after thawing and digging out their cars in the zero weather.

Skiing in the soft, deep powder snow was great but travel on the highways was slow.

Abandoned cars blocked several roads ,hampering snow clearance and causing the road into Squaw Valley to be closed Saturday. Many cars had to be towed away.

Water was still draining off road banks from the recent rain, causing huge puddles to form on the highways and with sub-zero weather, wheels froze and locked. What a mess.

* * *

Road crews couldn't keep up with the snow fall and drifts and were unable to plow wide enough areas with cars parked along the highway being tagged.

High winds and drifting snow caused lifts to the higher peaks to close operation but low slopes were open. Saturday skiing was fantastic—beautifully packed powder at long last! But that afternoon the clouds came over again and brought blizzard conditions that still exist.

Those who skied three miles into Squaw Valley were rewarded with no lift lines and perfect skiing.

* * *

Unless a warm storm comes this snow should last and be enough for the whole of 1965 skiing season, according to Wes Howell of Slide Mountain.

Race events to be held this weekend are the FWSA Junior Point Meet at the Sugar Bowl Saturday and Sunday and the FWSA Squaw Valley birthday slalom Sunday.

Humans, when unaided by odors of food, can distinguish only four qualities of taste: sweet, bitter, sour and salty.

Legend and literature have included mention of apples for more than three thousand years.

# West Shore Notes

By MRS. ELLEN ATTARDI
Telephone JU 3-3917
Tahoe City

The January meeting of the Tahoe Forest Hospital Auxiliary scheduled to be held Tuesday evening at President Jeanne Van Wetter's Squaw Valley home was cancelled due to inclement weather.

* * *

Deryl and Donna Strong have returned to their Tahoe Park home after holidaying with Mrs. Strong's parents, Mr. and Mrs. Don Owens of Sacramento.

* * *

Returning to their Tahoe Sierra Estates home after vacationing in Clear Lake are Mr. and Mrs. Tom Nott and children Kim and Patty.

* * *

Jack and Arlene Dunne former Tahoe City residents now residing in Auburn, spent Christmas Day with daughter Mrs. Pete Vanni and family in Tahoe City.

* * *

Skier Mike Davis, son of George and Vivian Davis of Dollar Point suffered a broken leg Tuesday. He was hospitalized for a short time at Tahoe Forest Hospital.

* * *

Holiday guests of Mr. and Mrs. Lee Streepey at their Tahoe Tavern Heights home were Mrs. Helen Rumsey of Los Gatos, Don Streepey and Pat Streepey Jr. of Santa Clara and Betty Curran of Palo Alto.

* * *

Brent and Georgette Gramanz have returned to their Tahoe Park home after vacationing in southern California.

* * *

Arthur West of Pacific House was a holiday guest at the Bill Keehn residence in Tahoe City.

* * *

Mike and Jane Koll of Berkeley vacationed at their Comstock Acres home.

* * *

January birthday celebrants are Rosemary Lindsey of Comstock Acres on January 6, Danny Horton of Tahoe City January 1, Susan Lewis of the Highlands January 7, Danny Baker of Tahoe City January 1, John Ruhkala of Lake Forest January 6, James Long of Tahoe Sierra Estates on the 7th.

* * *

Entertaining at a New Year's Day dinner party were the Jack Packards of the Highlands.

* * *

Holidaying at Tahoe were former residents Orville and Eunice Ingram and children Larry and Judy. The Ingrams now reside in Dobbins.

* * *

Recovering from an emergency appendectomy performed New Year's eve in San Rafael is Guy McCaskey son of Mrs. Carl Edstrand of Tahoe City.

* * *

Among vacationing out of town students who spent the holidays with their families were Chris Foeger, son of Mr. and Mrs. Luiggi Foeger at their Tahoe Tavern Heights home. Grace Jones, daughtof Mrs. Helen Jones of Sunnyside, student at Dominican School in San Rafael, Julie and Susie Hausserman, daughter of the Dan Hausermans of Tahoe City, from Belmont school. Jack Holley, son of Mr. and Mrs. John Holley of Dollar Point, of Stanford. Joe Hoxie, son of the Ernie Hoxies of Tahoe Tavern Heights, from Arizona State University. Also vacationing with friends in Tahoe was Steven Merrill, son of Mr. and Mrs. John Merrill of San Francisco. He is a Stanford University student.

* * *

Among the many gay New Year's Eve parties were those hosted by the Paul Rivards at their Dollar Point home, by Joan and Dave Walling at their Tahoe Pines home, by Mr. and Mrs. Dean Ormsby at their Dollar Point home and by the Lake Tahoe Yacht Club hosted by Fritzi and Bill Briner at Sunnyside Lodge.

* * *

Best greetings to Mr. and Mrs. Jack Duttweiler and family of River House from their far away friends in Tahoe and Truckee.

* * *

Again this week, this columnn had to be phoned in. I'm sure you all know why. There will be more when everyone is able to get about.

**To Wed—**

Robert Bradley, 19 and Donna Mae Wright, 18 both of Tahoe City were issued an Auburn marriage license.

When George Bernard Shaw wrote "Candida" in 1898, he was the first playwright to use a typewriter as a prop.

# Art and Dotty Todd Headline at Lodge

CRYSTAL BAY — One of the best known vocal and instrumental teams of radio and television, Art and Dotty Todd, now hold center stage in the Topaz Room of North Lake Tahoe's Nevada Lodge.

Renowned for their recording of "Chanson D'Amour", which sold two million copies, the talented couple have appeared on several occasions on the Ed Sullivan show, the Perry Como show, Steve Allen show and with Arthur Godfrey.

With Art on guitar and banjo, Dotty on piano and backed by bass and drums, the group projects a warm, ingratiating and delightful catalog of the old favorite songs.

They have an instinctive knack for choosing numbers that match the temper of the audience. Requests are not only welcomed, but solicited, often with the audience joining in the happy song.

Now in a limited engagement at Nevada Lodge, Art and Dotty close on January 10.

# NEWS FROM DONNER TRAIL

By Betty Kielhofer

Remember the old days in Truckee when people had more parties in homes, moonlight ski and skating parties, etc? Then the trend turned more and more to driving to the lake, Reno and some other out-of-town locations for pleasure. Lately it seems as though folks are drifting back to the old ways as I'm sure there has been more local entertaining this holiday season than in many a moon. I'm also sure the recent Christmas party by the Lions Club was the best attended in years.

The Carson Whites and the Tom Dolleys "pooled" their pre-meet at the Dolley home and I've seldom heard people rave so much about the delicious spread of food. That yummy crab and shrimp straight from San Francisco (35 pounds, to be exact) disappeared almost as quickly as it was placed on the table. Some ate so much they had difficulty eating their dinner, which was also very, very good, served at Smart's where a rousing party ensued until Reg practically had to toss everyone out the door at closing time. It was packed and most everyone stayed on, which means a terrific party.

The Bob Zirbels had a large New Years Eve gathering, with everyone commenting on Karen's excellent selection of hors d'oeuvres along with them both doing a grand job of hosting.

The Ben Kings were forced to call off their usual party that same evening due to a lack of parking space. Many were disapponied since they always have such good ones.

The huge snow problem didn't seem to keep anyone home.

Though our intentions were good with plans of making all the local establishments, time was fleeting and we only attended the parties at the Alpine Riverside and Smart's. Both were packed and again, everyone stayed until they were forced to leave by that mean old California curfew of 2 a. m.

New Years Day brought together a pleasant group for afternoon cocktails and goodies at the Popovich's, while Saturday evening the Creglows served a delicious sweetbread dinner to a congenial group of the last hangers on.

I know there were many, many more gathering large and small but you just don't hear about them all.

To sum it all up, it was loads of fun this year, but most are wiping their brows, sighing and going into quiet seclusion, just for a little while.

SIERRA SUN ADS PAY

# Bank of America Sets New Record

Bank of America registered rec ord earnings in 1964.

Net operating earnings increased to $99,625,233, or $3.50 per share on the 28,480,000 shares outstanding. This compares with $90,508,827 or $3.18 per share earned during 1963.

"Continued gains in overall business activity helped us ring up further increases in loans, deposits and resources," said President Rudolph A. Peterson in releasing the bank's year-end figures.

Loans outstanding stood at $9,-221,083,111 as against $8,365,413,-120 a year ago, an increase of $855,-669,991.

Deposits rose to $14,000,122,847, an increase of $757,617,222 during the year.

Total resources climbed to $15,-498,892,008, an increase of $805,-040,549.

**RITCHIES RETURN**

Mr. and Mrs. James Ritchie of Ritchie's California Cafe, have returned from a trip to Washington. In the northern state they were flooded out and returned home in the worst storm of the season.

# Tahoe City Skier Selected for Team

TAHOE CITY—Jimmy Heuga of Tahoe City is one of eight men selected by the United States Ski Association to be among the 15 men and 10 women to be picked for the United States team which will compete in the international races at Vail, Colorado, March 13 through 15.

The selections were based on performances at the two weeks training camp which ended at Vail Friday and their records in races near the end of the last skiing season. Bill Marlot of Aspen, Colorado, and Ni Orsi of Stockton were the other two skiers named from the west.

Heuga was a medal winner at the 1964 Winter Olympic Games in Japan.

The first records of telescopic observation of the moon date from 1610 when Galileo examined it with his primitive telescope.

# Draney - Tamblyn Engagement Told

INCLINE VILLAGE — The engagement of Miss Marlea Gail Draney to Robert John Tamblyn was recently announced by Miss Draney's parents, Mr. and Mrs. Red Draney of Incline Village. Mr. and Mrs. William L. Tamblyn of Kings Beach are the parents of the future bridegroom.

The wedding will be an event on June 19 in the Community Methodist Church at Kings Beach with Rev. William Marx officiating.

Miss Draney attended the Tahoe Truckee High School and Tamblyn is now attending Sacramento State College, having graduated from Nevada Union High School at Nevada City. He assists his parents in the operation of local theaters.

The California poppy's scientific name, Eschscholtzia Californica, is named for Dr. J. F. Eschscholtz who visited this state in the late 19th century.

Medusa-head grass, a serious plant pest of California range lands, is believed to have reached the state from the Mediterranean region as seeds in the wool of sheep.

# NORTH TAHOE NOTES

V. ANN MANDEVILLE
Box 63, Incline Village, Nevada
Phone 831-0367

Seems as though there weren't too many public parties this New Years Eve. I don't blame anyone for not going out in the kind of weather that we have had recently and for that matter are still having.

* * *

Otto and Louise Walter finally got home from their trip to Santa Rosa. It took them nine hours to get home Wednesday.

* * *

Arleigh and Francis Hayman are certainly glad to have their son living here now instead of Salt Lake City. Son, Arleigh III, and wife, Dorill, with their childrren Patrick, 16 months and Barbara, 4 months, are now living in Brockway. Arleigh is helping his father in the business.

* * *

Last Monday morning, the deep fryers in the Sierra Tahoe Pavillion Restaurant overheated igniting the wall behind them. It caused a little excitement and dispatched the Crystal Bay Fire Department. The damage was minor.

* * *

The Nevada Lodge reported having a tremendous crowd for the New Year's celebration. Russ Morgan was there through January 2 and he will be followed by nightly entertainment in the Topaz Room.

* * *

The Vern Ricks had as their New Year's guests, Otto and Louise Walter and Dorothia Whitley. They had cocktails and dinner together to welcome in 1965.

* * *

John and Virginia Flagg left Wednesday to journey to San Francisco where they were to leave their son Timmy, with friends, board a luxury liner and spent a quiet, warm week in the Islands. If I were them I think I'd just stay until spring when this end of the world is thawed out.

* * *

Vince and Pearl Keintz are still in southern California according to Dorothia Whitley who hears from them regularly. They are having a ball. Weather permitting, and it rather sounds like they aren't too anxious for the weather to clear, they will be returning to our frozen arctic about January 10th.

* * *

Speaking of Dorothia Whitley, she will be celebrating again soon. Her birthday is January 10th.

* * *

The Women's Club held a luncheon meeting Monday, January 4th. It was held at the home of Mrs. William Egan. They had nomination, election and installation of new officers at this meeting. Will report on new officers the next week.

* * *

Eleanor and Bill Egan had interesting company over the holidays. Bill's niece and her husband, Mr. and Mrs. Roger Buffett, were here from Berkeley. He is atttending Pacific School of Religion where he is studying to be a minister. A native of South Africa, he is a member of an old British colony family.

* * *

The Optimists have big plans afoot. Wednesday, January 6th, were to meet in the Nevada Lodge for their weekly meeting, but this one was a little special. District Governor Frank Caccia and District Secretary Tari Yamagami were here to initiate eleven new members.

This was a joint meeting with the twenty prospective members of the Tahoe City that our North Lake Tahoe Club is sponsoring. The next plans are to meet with the Tahooe City group and help them set up a functioning club.

They are also preparing for their part in the national Optimist Club oratorical contest. The local level contests are to be held in April with the regional, zone and finally the national contests to follow. There are trophies along the way and the final award is a college scholarship, something for any youth to work for and be proud of.

## Renewal Not Needed

SACRAMENTO — California boat owners are not required to renew their present boat registrations until one year from now—January 1, 1966—the state's division of small craft harbors stated today in response to numerous inquiries regarding renewal dates.

Ninety-three per cent of all Finnish pharmacists are women.

The name "Devil Dogs" (teufel hunden) was given to the U. S. Marine Corps by German soldiers during the battle of Belleau Wood in World War I.

Early Spanish and Mexican settlers in California used nearly a thousand adobe blocks to build a small, one-room house.

## HELEN BOTTEL TO BE SPEAKER AT RENO

Helen Bottel, King Features syndicated newspaper columnis t of Sacramento, will be guest speaker at the regular meeting of Reno Pen Women Thursday, January 14 at the Riverside Hotel at 12:30 p. m.

Mrs. Bottel is the creator and writer of two sparkling columns called Helen Help Us! and Youth Asked For It. She has sold to Surburia Today, Good Housekeeping, Motor Boating, plus various Sunday supplements, trade journals, the Sacramento Bee and Los Angeles and San Francisco papers. Her latest—So You Want to Be Syndicated has just been published in the January Writer's Digest.

Mr. and Mrs. Robert E. (Helen) Bottel and four children are former residents of Truckee and will be remembered here due to his work with the state department of agriculture.

This will be the annual Celebrity Luncheon of the National League of American Pen Women, Inc., Reno branch and an invitation is extended to all members and friends to attend.

Mrs. Bottel will be the house guest of Mr. and Mrs. Joseph S. (Buzz) Byerly, 1945 Fourth Street, Sparks, while here.

## BANK ANNOUNCES IT HAS INCREASED RATE

Bank of America today announced an increase in the interest rate paid to savers.

Effective January 1, 1965, interest on regular passbook savings accounts will be raised to 4% computed on quarterly balances.

President R. A. Peterson commented on the increase: "This raise in rates enables Bank of America savers to obtain a combination of bank safety and investment return. We think this combination makes bank savings a very attractive proposition and thereby places our bank in a highly competitive position with all types of financial institutions."

When asked what effect the rate increase will have on bank earnings Peterson said: "Our past performance proves we can take rate increases in stride. Obviously this will have a near term impact on earnings. But over the longer pull, increased savings totals cannot help but have a salutary effect on the growth and profitability of our bank."

## GLOBETROTTERS TO HAVE GAME IN RENO

Basketball's world traveling pranksters, Abe Saperstein's famed Harlem Globetrotters, will appear at the University of Nevada gym in Reno, Thursday night, January 14, in the most unique show ever presented by renowned owner-promoter Saperstein.

The return of hilarious Meadowlark Lemon, Bill "The Orbit" Garner, Jim-Tim Robinson, Bobby Joe Mason, captain Tex Harrison and fellow conspirator in court jest will mark the celebrated laugh makers first stop in Reno since 1961.

## Many Fish Lost In State Hatcheries

Major storm damage has been reported at two state operated fish hatcheries, and an unknown amount of damage has been sustained at fish county stations, egg collecting stations, trapping facilities, hatcheries, and other installations in the northern half of the state, the California Department of Fish and Game said this week.

At Nimbus Hatchery in the American river, near Sacramento, heavy siltation has caused the loss of 280,000 yearling steelhead, the entire amount on hand. Also, 40,000 of the 50,000 yearling king salmon on hand have been killed by heavy silt which suffocates the fish.

At the state's experimental hatchery on Cedar Creek, a tributary to the Eel river in Mendocino County, all 200,000 steelhead in the ponds were washed down the river by floods. However, many of these fish will reach the ocean and come back to spawn, and so will not be lost to the fishery. Water was reported to be window high at houses and buildings at the hatchery.

## SESSION OPENS IN NEW CHAMBER FOR SENATE

SACRAMENTO — (CNS) — The opening of the 1965 session of the California legislature, despite the serious and hectic months ahead, was not without the usual note of humor.

The refurbishing of the senate chamber, in bright orange-red, yellow and royal blue, was the butt of many of the jokes.

When the senate sent a select committee of three to the assembly to inform the lower house that it was organized and ready for business, the committee was headed by Senator Gordon Cologne, R-Indio, who just moved up from the assembly.

"Why, with the drab surroundings around, hasn't the assembly rules committee been busy"? Cologne asked, referring to the nonfurbished assembly chamber.

"You had better be nice to us," Cologne was told by Speaker Pro Tem Carlos Bee, D-Hayward, "some of us will be over there soon."

This was the reference to reapportionment of the senate which must be accomplished by July 1.

Assemblyman Carley V. Porter, D-Compton, was shocked when he discovered that he had signed his loyalty oath papers in red ink. All legislators, in addition to taking a loyalty oath orally, must sign statements to that effect too.

With 10 new members in the assembly, there was a bit of confusion. In the assembly, members remain seated during the prayer, while the senators stand. A few assemblymen were up and down until they caught the hang of it.

**From Mexico—**

Loyd Hoffard, teacher in the local high school, spent the vacation in balmy Mexico only to find on his return that excessive snow had stalled the opening of classes.

**Go South—**

Mr. and Mrs. Harry Stout, daughter Linda and Ann Morey journeyed south for a few days respite from snow storms.

**To British Columbia—**

Mr. and Mrs. John Houlgate and children were Christmas guests of his parents, Mr. and Mrs. J. E. Houlgate of Vancouver, B. C.

**December Date—**

Mrs. William Englehart, Sr., was a recent birth date celebrant in December, the event being noted with members of her family.

**Back From Valley—**

Mr. and Mrs. Henry Toccalini, who spent two weeks visiting relatives and friends at Maxwell, returned home Monday between storms.
